### LEOPARD REBATE PROGRAM

A plan entitling all Pi members to a \$20 rebate for upgrading to either Mac OS X Leopard or Snow Leopard. The rebate would be for the purchase of either a full retail version of Leopard or Snow Leopard, or the Snow Leopard upgrade.

What is this all about? The purpose of this limited time offer is to encourage members to upgrade to a version of the Leopard operating system. It is felt that promoting widespread use of either of these similar operating systems would be a good thing. The end result would be a more focused volunteer support effort to include the luxury of getting in-home tutorial support through the use of iChat screen sharing.

Another goal of this program is to offer members something of value for their membership and encourage them to maintain that membership.

The Pi is about *members helping members* and here's your chance to be on the receiving end. On the next page you will learn how to collect your Leopard Rebate, and at your leisure, use it to renew your membership in the Pi.

# WASHINGTON APPLE PI LEOPARD REBATE

## Three Steps to a \$20 Rebate

### Step One — Save Your Receipts

The Pi Leopard Rebate is a \$20.00 membership discount for the valid purchase of a full retail version of Mac OS X 10.5 Leopard or Mac OS X 10.6 Snow Leopard on or before December 31, 2009. To verify the purchase, a copy of the original purchase receipt will be required. If the purchase receipt is not available, a scanned copy of the installation disc will also be honored.

### Step Two — Submit Rebate Form

The Rebate Form below must accompany your rebate submission. There are only three items of information needed, and when completed it can be submitted via snail mail or email. To help the program administrator, when mailing the form and proof-of purchase, add "Attn: Leopard Rebate" with the address. Should you choose to email your submission, send to [office@wap.org](mailto:office@wap.org) and place "Leopard Rebate" in the Subject line of the email.

CUT HERE

### Step Three — Use Your Rebate

This is the easiest part of the process. After receiving your validated Rebate Form, use it the next time you renew your Pi membership, in other words there is no expiration date for a validated Rebate Form. Use it to renew online or via mail; it makes no difference.

## Pi Store Promotion Code

To use your \$20 rebate discount when renewing online at the Pi Store, during the checkout process, just use the Rebate (Promotion) Code as provided on your returned Rebate Form.

## Rebate Period Dates

- Starts September 26, 2009
- Ends December 31, 2009

## *The Fine Print*

This Leopard Rebate is only redeemable as a \$20 discount towards a Pi membership renewal or a new Pi membership.

A validated Leopard Rebate coupon has no expiration date.

The Leopard Rebate applies only to separate purchases of Mac OS X 10.5 or Mac OS X 10.6 operating systems.

Rebate Period is Sep 26 '09 to Dec 31 '09. Submission of Rebate Forms will be only be accepted during this period.

Only Rebate Forms submitted with a valid proof-of-purchase will be honored.

Proof-of-purchase is defined as an original or copy of a valid purchase receipt, or if a valid purchase receipt is not available, a scanned and printed image of a full retail version of either Mac OS X Leopard or Snow Leopard will suffice.

A full retail version of the afore described software is defined as a version of Mac OS X that can be loaded on any Macintosh computer as opposed to those provided with the purchase of an Apple computer.

The Leopard Rebate program will be limited to the first 375 validated submissions. The program administrator will be the sole determiner of valid submissions and when the prescribed limit of applicants has been met.

## *Frequently Asked Questions*

*Q. I purchased my copy of Leopard when it was first released. Do I still qualify for the Pi Leopard Rebate?*

A. Yes. As long as you have a valid proof-of-purchase in the form of a receipt for the purchase or a scanned copy of the label of the Leopard OS DVD, and you submit it no later than Dec 31 '09.

*Q. I just renewed my membership. Will I be able to apply the Leopard Rebate discount a year from now?*

A. Absolutely! Rebate forms do not have an expiration date.

*Q. Can I redeem my validated Leopard Rebate coupon for cash?*

A. Sorry, no. Only membership discounts are being offered in this program.

*Q. I purchased a new Mac from Apple between Jun 26th and Aug 28th with Mac OS X 10.5 Leopard loaded, and I am eligible for a \$9.95 upgrade to Snow Leopard. Can I still get the \$20 Pi Leopard Rebate.*

A. Yes. Any purchase of Mac OS X Leopard or Snow Leopard is valid. This is a sweet deal!

*Q. What if I mail in my Leopard Rebate coupon on the very last day of the Rebate period, will it be honored?*

A. Yes as long as the post mark or email date stamp indicates it was sent on or before December 31; however, the program is limited to 375 validated submissions and any late ones run the risk of being rejected due to their being over a limit established by the Board of Directors.
